Library Roof Update

As you may be aware the library committee are currently investigating the repair to the roof structure on the library due to water damage. An engineer has carried out an inspection and produced a comprehensive report on the extent of the damage. Since then, the repair has been further complicated by the Isle of Wight Council confirming that the roof tiles contain Asbestos. A tender document to obtain quotes on repairing the roof structures that are damaged and replacing the roof tiles, hopefully only on the front section, will be put together. The quotes will also include the removal of the current roof tiles by a qualified contractor. Once received these will be brought before full council.

7. CHAIRS REPORT

Chairs Report September 2025

At last, the disruption caused at the annual meeting has been overcome, and all committees are now fully functioning.

Debbie Mason, the lady who produces the community magazine, invited me for tea and cake at Dimbola. She is a very friendly approachable lady, providing a wonderful service to every area on the island. She is at present looking for somebody to take over the recipe page.

The Horticultural Show was a great success. Lots of interesting stalls and vast range of locally grown food and plants. I was very pleased to see Parish Councillors both past and present supporting the event.

The newly formed resilience committee has made good progress and will be meeting again very soon to establish an effective emergency response plan for the area.

The Freshwater Independent Lifeboat Day was a resounding success. The weather was perfect; the atmosphere was truly joyful. So much to see and do. Lots of good things for the

children to enjoy. BRILLIANT.

Bob Seely held a booking signing evening at Dimbola which was very well attended. It was nice to see several fellow Councillors amongst the many enthusiastic supporters. They say never to work with children or animals and true to form his beautiful baby daughter Elizabeth completely upstaged him for a while.

My personal highlight this month was a visit to the zoo. The rescue bears put on quite a show and I felt privileged to just stand and witness such amazing animals just being themselves. Although the bears were the main attraction, the whole zoo with its many and varied species is well worth a visit and our support is vital to its survival.

Let us hope that we can move forward and become a united and effective parish council, working for the benefit of the community.

The Chair gave verbal congratulations to the Clerk on the completion of her ILCA qualification.
