PDFs and other documents

Some of our PDFs and Word documents are essential to providing our services. For example, we have PDFs with information on how users can access our services, and forms published as Word documents. By September 2024, we plan to either fix these or replace them with accessible HTML pages.

The accessibility regulations [don't require us to fix PDFs or other documents published before 23 September 2018](#) if they're not essential to providing our services. Only documents from September 2018 onwards are uploaded on the website.

Any new PDFs or Word documents we publish will meet accessibility standards.
